Scary Scenes For Halloween

Synopsis

Scare up a boo-tacular Halloween at your house with excellent decorations and party ideas. Shock everyone silly with nibbles from creepy containers--everyone will want handfuls of Ghost Sticks and Yummy Mummies, not to mention a Hand Full of Candy. Dare little trick-or-treaters to enter at their own risk by making a witch-hat light and flying bats--they'll get a real thrill when they see cool decorations like these. Then give them a frightful feast of Dracula's bow-tie pasta washed down with a fizzy clear drink chilled with spider ice cubes. The bat napkins and black mask candles will guarantee that the table sets a perfect Halloween mood and get all of the festivities going. An awfully good time is guaranteed for all.

Customer Reviews

This book will not help you create a Haunted House that people will pay 10 bucks or more to get into so they can wet their pants from fright. But it will help you create the most amazing Trick-Or-Treat front porch for miles, as well as a festive interior of your house for your anual Halloween Party.If that's what you want, BUY THIS BOOK NOW.I throw a Haunted Costume Party every year, and I was overwhelmed by the wealth of ideas in this book. Halloween is still almost 4 months away and I'm already anxiously plotting for the big event. I was captivated from page one with the amazing and inspiring photographs. Creepy witches hats, brooms, and shoes on your front porch, masked

illuminating pumpkins, bats and spiders, an old wooden chair with the Invisible man, and a lighted skeleton head made from a milk carton.....genius creativity at it's best here. There were awesome ideas on how to set your table for a spooky feast starting with the invitations, place settings and name cards, decorated and dripping candles, bat folded napkins, and a feew ideas of what to eat...Frankenstein Cake Cones, Dracula Bow Tie Pasta and Sauce, Creamy Chicken Baked in a Pumpkin, and Candy Corn Chowder..don't worry, it has no candy in it. (she had good ideas here, but I always serve black bean soup in a big cauldron...I'll be happy to give you the recipe, it's a big hit). Great ideas for a younger crowd of party-goers too. Everything was made with readily available materials and easy to follow instructions and pictures. Buy lots of black spray paint, it can turn anything into a useful Halloween prop. A very impressive home Halloween decorating book, I'll be referring to it for years to come.

I'm a die hard Halloween nut and I love crafts. This book is so clear and easy to follow with big clear pictures. This book will make you LOVE Halloween. Grover gives all different ideas for every aspect of spooking you home. The materials aren't expensive, most you probably have in your own home. With the ideas that she gives, you find yourself saying "Oh, and I can do this and do that..." and you end up going above and beyond. It really inspires the Halloween haunter in you.

This ghoulrific new Halloween decorating book is a must have for any Halloweenite! It's filled with creative new ideas with easy to follow directions that don't require an entire craft store to complete. Photos, especially of "Frightful Feast" & "Goblin Gathering," are inspiring! Rochelle Santopalo, publisher/editor, Happy Halloween Magazine

I loved Jills fresh new ideas for Halloween. The ideas are easy and inexpensive to make. I own a store and have used many of the ideas in this book. It is very well illustrated, and colorful. Children of all ages will have fun with this book.

Great ideas that can be used to add a little or a lot of halloween fun to this holiday. Some of these ideas are so good that you could adapt them to use for other holidays also.

I think this book was a little "too cute" to have "Scary" in the title. While there were a couple of "scary" ideas it was overall kiddie focused.

Not a bad book for the price. A close look at the cover reveals what most projects are like--cute for preschool children but not scary. Good color photos but annoying that they are not on the page opposite the directions.

Like most Halloween craft books, this one is definitely family-friendly -- so if you want to know how to build a realistic heart that pumps blood, look elsewhere. That said, the projects in this book are definitely a cut above the average "cutesy" Halloween projects you see every year. The designs are clever, visually appealing, and easy to do. For the price, this is an excellent book.
