## Customer Reviews

I couldn't wait for this book to come out and I was so impressed! Judy Carter has done an outstanding job of teaching each part of an animal and how to capture their personality. This book is a wealth of information anyone wanting to hook any kind of animal or it's a great book just to look at. Leonard Feenam does an outstanding job of drawing the backgrounds for a lot of Judy's rugs. I would highly recommend this book.

A great book on getting some much needed tips and ideas on how to hook animals, well written and with hook in hand I am looking forward to incorporating her suggestions. Another lovely gift, thanks Ron.

Judy Carter's book is an absolute treasure! She is a very accomplished rug hooker. We have seen her animal rugs in person and they are Amazingly lifelike. We were thrilled to see she published a book to share her "secrets". You will not be disappointed. The techniques can be applied to all subjects of rug hooking not just animals. Lots of illustrations and easy to understand instructions

make this a must buy book for rug hookers.

I love the photo's which clearly highlight the expert techniques achieved in each of the accompanying selected works. The beautifully photographed and detailed descriptions of the variety of works shows the high skill level that may be achieved and gives new hookers something to strive for.

I ordered the book for my mother and this is what she said: The detailed explanations are awesome, and I am really enjoying this book! .The author was very thorough, and her easy-to-follow instructions were extremely helpful.

If you've seen Judy Carter's rugs you know she is a master at bringing animals to life in hooked rugs. Her explanations are detailed and well illustrated. I couldn't ask for a better resource.

Even if you never intend to hook animals, just looking at all the astounding photographs is worth the purchase price.
