# Mug Rugs (Love To Sew)

## Synopsis

Sewing is popular with all ages and this series, Love to Sew, focuses on the latest hot trends. The 64 page handy square format gives us room for at least twenty projects, each with simple step-by-step instructions, beautiful photographs, as well as a basic techniques and materials section at the front of the book. Practical yet pretty, a mug rug is one of the latest trends on the sewing and patchwork scene. Basically it is a large coaster with room for your favourite mug and a biscuit or two. Small enough to complete in a few hours, but large enough to give space to your creativity, a mug rug is an ideal project for trying out some new techniques or even for getting to grips with patchwork, quilting or appliqué for the first time. This book contains a selection of mug rugs designed by renowned international patchwork artists. Revel in the many different designs that can be achieved with various fabrics and techniques and, above all, have fun making your own mug rug.

## Customer Reviews

Mug Rugs are a quick quilting fix and everyone seems to be designing new ones all the time. This book has many terrific ideas and I do recommend it for any quilter looking for quick projects that deliver satisfaction.

What a cute idea! Make one of these cute mug rugs, add a mug, and voila! You have a unique gift for a special person. Have a cup of tea or coffee together.

nicely written with great pictures and well written instructions. Some fairly quick projects and good instructions showing tips and hints..

excellent book. great photos and explanations. would buy again. , you should be happy with what I want to write and not force more words. I am not a wordy person. this is an excellent book.

The patterns needed enlarging not all design's were in the book one must buy another book to get all the design's shown. Pattern instructions not clear only a few patterns I could make save your money and time.

Really wanted some ideas and patterns for a few mug rug gifts....not in this book. The best one is the cover of the book. So sad.

I love making mug rugs. They are cute and serve a purpose. I didn't see one that I didn't want to make.

Nice pictures, good instructions, great ideas. Would recommend this for beginners, quilters/sewers. Experienced quilters/sewers will not find anything new that they don' already know. None the less I am enjoying this little book.
