Best Sellers Rank: #298,896 in Books (See Top 100 in Books) #28 in [Books > Crafts, Hobbies & Home > Crafts & Hobbies > Needlecrafts & Textile Crafts > Rugs](#)

## Customer Reviews

I've been hooking for 10 years or more and taught myself. I wish this book had been written when I first started. Easy to read and follow. I own a lot of rug hooking books, but none come close to this book! I must for any rug hooker no matter what skill level. It's so simple it's genius. I have never been lucky enough to take one of Wendy's classes, but now I feel like I have.

Wendy Miller is a very talented primitive hooker. There are LOTS of good tips if you're interested in moving more into primitives. I've been hooking for several years but still came away with several good, new ideas. I recommend this book. However, if you're a hooker who uses #3's & #4's and are not interested in changing, this would not be the book for you. But if you want to broaden your horizons, Wendy will do it for you with this book

Wendy Miller wrote an excellent rug hooking book for wide cut primitive rug hooking with clear, well-chosen words, and photos to entice you to hook with wide cuts. I, myself, am a traditional rug hooker who prefers #4, #5, and #6 cuts of wool to hook; I am now going to explore further and will hook with an #8 cut. Thank you Wendy! Please buy this very well-written rug hooking book. It belongs in your

library, and you will go back to it as you rug hook and read it for explanations of various techniques.

This book is a wonderful go to at anytime. Wendy explains hooking and design so well. She makes being a new hooker excited to start. I would highly recommend this book to read and use it right away. My next hope is that she makes another book soon

Excellent book! I have taught myself the art of rug hooking over the last two years and this book would have been great to have when I first embarked on my journey. This book is not just for beginners, it is a great source for all. It is a breath of fresh air that primitive rug hooking needed, as there aren't many sources for wide cut hooking.

Very informative and easy to read. I enjoyed the pictures of beautiful rugs and packed with so many ideas for my future rug hooking.

I have a lot of rug hooking how-to books plus Rug Hooking Magazine. For the style I'm interested in hooking, this is the most valuable resource available although, I think that this could be interpreted to all widths. It is written in a clear, precise manner and explains in detail step by step instruction not only in wide cut, but different backgrounds and finishing. A-Z, really! A great book to own!

Nice book. The pictures are very inspiring and there is a lot of good information as well. I've been rug hooking for a while but learned some helpful tips.
