EXCELLENT BOOK! HOWEVER, WATCH OUT, BUYER BEWARE, IF YOU WANT TO LEARN ABOUT QUICKBOOKS ONLINE THIS BOOK WILL NOT HELP YOU! Please read "intro" to book to verify that my statement is correct....see page 1 of book!

Unfortunately, it does not contain the industry-specific information I was looking for. Therefore, it was not helpful to me. It would be great for those who are just beginning to use it and those without much bookkeeping knowledge.

This book has everything that you would need for Quickbooks and even gives basic accounting directions as well if you have no background in accounting.

I was new to the QB world, and this book has been a handy goto guide that I have used several times.

Dummies books are always great and simple to understand. Great purchase.

A little hard to follow

Do your self a favor and look at YouTube videos it helps a lot more than this book

The "For Dummies" are super. I use it for reference. I have already designed a new invoice. This book helped make it so simple.
