New Recipes From Your Rice Cooker (Nitty Gritty Cookbooks)

Synopsis

The rice cooker is extremely popular because it is so versatileâ€”it is a perfect steamer and all-purpose cooking pot. This newly revised title shows you how to steam vegetables, fish and chicken, make desserts, prepare dim sum, boil eggs, and cook a variety of grains â€” as well as many recipes that use cooked rice as a base and a variety of one-dish meals. Because the rice cooker steams to cook, it is both healthy and easy to clean up â€” perfect for the home, dorm room, ski cabin, or studio apartment.

Book Information

Series: Nitty Gritty Cookbooks

Paperback: 160 pages

Publisher: Bristol Publishing Enterprises; 2 Revised edition (September 1, 2004)

Language: English

Customer Reviews

This book is nothing compared to Beth Hensperger and Julie Kaufmann book. This one leans more towards convenience but most of the recipes in here you can find in other variations online. There is nothing inventive about it. Beware, this book is a barely updatedâ€”version of Simmon's other book "Versatile Rice Cooker". I bought both thinking they were different, but they are almost exactly the same.

The description of this book should have said something about what size rice cooker all the recipes are for. Once I started reading the book, I discovered all the recipes are made for an 8-10 cup cooker. I would not have purchased the book if I had known this. I bought a 3-cup cooker when I bought this book, and I can't figure out how to scale down the recipes to fit in my cooker. So, the book is basically useless to me.

This is a terrific companion for your rice cooker (get a large one at least 8-10 cup capacity.) Wide variety of recipes, such as Potato and Leek Soup, Savory Sausage and Rice, Chicken with Orange and Black Beans, and Poached Apples. The first chapter is fantastic for students or travelers: all the recipes for that chapter assume you do not have a stove or refrigerator. Everything I've cooked has been delicious.

This cookbook is in great part a rehash of the Versatile Rice Cooker by Rob and Coleen Simmons. The new recipes here were not up to their usual standard.

The answer is, of course not! But, if I hadn't gotten this book, I would not have known. There's a recipe for rice cooker apple juice oatmeal, which my family just loves. Tastes like dessert. There's all kinds of steamed vegetables, with times and how to cook. Other grains recipes. Delicious rice recipes. If you're getting a rice cooker, I'd suggest you get this book.
