# Mathematics For Carpentry And The Construction Trades (3rd Edition)

## Synopsis

Mathematics for Carpentry and the Construction Trades, Third Edition, offers a unique approach based on the authors' experience in building construction and applied education. Loaded with photographs and detailed drawings, the text illustrates the underlying mathematics in each step of the building process. The text's problems, infused with the authors' real industry experience, provide students with relevant examples of problems they will face in the construction and carpentry trades. Problems include step-by-step summary explanations of their solutions with the necessary steps highlighted for easy identification. After giving students a solid foundation in math, the text then leads them through the steps of a construction project and applying the mathematical skills involved in completing the project.

## Book Information

Paperback: 408 pages

Publisher: Pearson; 3 edition (February 4, 2011)

Language: English

ISBN-10: 0135114004

ISBN-13: 978-0135114001

Product Dimensions: 8.4 x 0.9 x 10.8 inches

Shipping Weight: 1.7 pounds (View shipping rates and policies)

Average Customer Review: 4.5 out of 5 stars See all reviews (2 customer reviews)
