This appears to be Mary E. Watson's initial offering in the self-help publications category and if this book is any indication of her talent, we can be watching for more. Her approach is straight forward and accessible, evident in her introductory remarks: "If you don't have a lot of time to spend in the kitchen, worried about cooking a bad meal, or are not well-versed with cooking, these recipes are for you! Extremely Short Prep Times- Make sure that you note the prep time mentioned at the head of every single recipe. Novice Book- Every single step that you need to take to prepare each of the meal in this book is very easily explained to make sure that you are able to understand them even if you do not have a lot of cooking experience. Family Recipes- The recipes have not come from famous chefs but from home cooks. The recipes are the favorites of these home cooks and are cherished by families all over the world. So get your slow cooker and prepare yourself to cook some simple, flexible and absolutely amazing recipes. Only use the ingredients that you already have- You can choose a recipe that suits your taste buds or of those whom you want to please. You can even go ahead and cook recipes that only need the ingredients that you already have. There are many different types of recipes in this book and many of them only differ from others by an ingredient or probably two. Grandma TIPS- You will also find many useful TIPS throughout this cookbook. These are the tips that one learns after using a slow cooker for a long period of time or by cooking on a regular basis.
