Customer Reviews

The new Kosher for Passover Cookbook is a complete guide for passover preparation for those who are somewhat familiar with the holiday. It provides many recipes for the Seder as well as the rest of the Passover week. I found the recipes clear and easy to follow, with good results. While the cookbook has many traditional dishes, it does not cater to those with gourmet or health-conscience tastes. Overall, I would recommend this cookbook for those who are attempting to cook for Passover for the first time. You will find many easy and tasty dishes in this book.

SO Simple, and complete opposite of overwhelming. I enjoyed reading like a novel. I am thankful for those who put this together!
