## Customer Reviews

I find coloring a great way to relax, or ease stress, having it combined with Bible verses makes it even better! It can be used as part of devotionals, a way to help your kids remember verses, or just a fun way to help you personally remember verses as you color! These quotes are not very complex to color. They are mostly a framed bible verse with a background to color. There are lots of floral frames and some random designs, swirls and what not. I think you get a pretty good variety of larger and smaller designs to choose from to color. So depending on how much time you have you could

work for well over an hour or spend only a few minutes coloring a page in. I think these pages would look really nice framed. I thought they were very uplifting and I know reading some of these while coloring will help me keep the faith and trust in the Lord through my struggles. Overall the quality of the illustrations are of nice quality and allow enough of an area to color. I love that the book provides an opportunity for adults to color in a coloring book that's created for adults. I did receive this product at a discounted rate in exchange for my honest review. I rely heavily on reviews and write mine to help other consumers make an informed decision before making a purchase. I want people who read my reviews to take them seriously. I do not give a good review just because I didn't pay full price for a product or item. It's based solely on my personal experience with the product and is my opinion alone. I have no affiliation with the seller or the manufacturer. As you've read above, I definitely think this is a great buy!
