Customer Reviews

Personally, I found that this book wasn't all that great. I was expecting much more from it. It did have nice photographs and gave you a good (but very brief) history of the vineyards as well as the other brands that the same vineyards has. Each champagne is talked about in 2-3 paragraphs. I was hoping that it would have had more info on the prices of each bottle and some info on what best would accompany each champagne if you were to serve it for guests. All in all, I was somewhat disappointed with my purchase.
