Best Dump Cakes Ever: Mind-Blowingly Easy Dump-and-Bake Cake Mix Desserts (Best Ever)

Synopsis

Imagine making a delicious, praise-worthy cake without measuring, mixing, or even breaking an egg. Don't let the name fool you -- a dump cake is a dream come true for any busy person. This effortless dessert will impress everyone because it's outstandingly delicious. Easy, too: you just pour canned fruit or pie filling into a baking dish, "dump" a dry cake mix over the fruit, and finish it off with pats of butter. It bakes up magically in the oven into something like a cobbler. You can mix and match at home, or use the handy recipes tried and tested here, including: Pineapple-Coconut Dump Cake • Salted Caramel Dump Cake • Peach-Raspberry Dump Cake • Cherry Chocolate Chip Dump Cake. Here at last is the perfect answer to last-minute potluck dinners, bake sales, school events, and even holiday parties. Â

Customer Reviews

I love this book. I can pull it out and find a recipe that fits my mood, with simple yummy ingredients. But the most important part is that they are all so easy and fail safe to prepare!

I like that there is a variety of cakes to make. Very easy and fast!

If you are in a hurry or do not want to bring out the stand mixer or hand mixer, these are fun. More like a cobbler than a cake but quick, easy and really quite good.

this book is really great. all the recipes are easy to follow and taste great

The recipes seem simple yet solid and tasty, they are all a good starting point for mix-ins and recipe tweaks. I like cook books that spark my imagination and make we want to try new things.

Lots more variety and easier than the more famous dump cake book. I really like this book, so I got a copy for a friend who also bakes.

Although, I have not made one of these recipes yet, I do like the recipes very much. They are very easy.

Easy to recipes for making delicious desserts.
