# Cases On Information Technology And Business Process Reengineering

Synopsis

The technological innovation of information technology is driving businesses and organizations to reassess their structures and processes to achieve a higher level of efficiency and effectiveness using IT. In this ongoing process, the wisdom and experiences of other organizations are a roadmap to successful IT implementation. Cases on Information Technology and Business Process Reengineering presents a wide range of issues and challenges related to business process reengineering technologies and systems. This book gives practitioners, educators, and students an understanding of business process reengineering difficulties, and presents solutions discovered by organizations worldwide.

Book Information

Hardcover: 357 pages

Publisher: Idea Group Publishing (May 12, 2006)

Language: English

ISBN-10: 1599043963

ISBN-13: 978-1599043968

Product Dimensions: 7 x 0.9 x 10 inches

Shipping Weight: 1.7 pounds (View shipping rates and policies)
