Out Of The Wild: A Novel

Synopsis

Now a major motion picture, starring John Diehl, Jean Louisa Kelley, and Ben Ashbrook, directed by Paul Krizan! One dark, vacant Nevada night, cattle rancher Henry McBride closes his eyes; only to open them and find his life suddenly in a shambles, with everything that means anything to him lost forever. Overwhelmed by grief and guilt, Henry drives away from his past as far and as fast as he can; jobs, towns, and whiskey come and go. And then guest ranch owner Jessie King extends an open and forgiving hand, and the arrival of a young mustang stallion; also wounded and alone; ignites a flicker of recognition in Henry. Jessie's powerful ability to connect with horses, and her gentle attempts to connect with Henry, slow him down long enough to let him heal just a little. But when Jessie's former ranch manager returns with murder in mind, the fragile world she, Henry, and the stallion are building together threatens to come crashing down.
