This book is truly exciting and inspirational with design ideas. As a braider, I initially purchased this book to see what all the "hype" was. Now I know. To design one's own rug and have your creation come to life is magnificent.

Jesse Turbayne writes wonderful books covering hooked rugs, with good colored pictures and info. This one covers more contemporary rugs with more modern designs. Excellent photos.

Another great rug hooking book for my library! As a rug hooking teacher I like to provide my students with lots of examples of hooked rugs to look at. Very good visual aids!

This author always puts together an excellent book. The rugs are always enjoyable to look at and the read about the art of rug hooking.
