## Customer Reviews

I am overly excited for this. I bought the blender and it's been nothing but awesome recipes. This is not just a snack for me, it's really for health benefits especially that my family has history of skin asthma, severe atopic dermatitis so every once or twice a year we need to cleanse. I am really hopeful that I can push the medicines away and soon replace it with fruits and vegetables.

The recipes are good, and I like that they are separated into chapters according to the benefits of health. I also enjoyed the blurbs she included about each one. There are a number of typos and a few ingredients mentioned in the blurbs that are not in the recipe. However, I like this book much more than others if you are using the Super Ninja Blender. I recommend this recipe book.

I found this book an excellent guide on making smoothies. It's really well structured and goes into great detail on each one but in a simply and easy to follow way. The smoothies are varied so there is something in the book for everyone. I will definitely be giving some of these a go shortly. If you're a novice at making smoothies you'll find these a good guide to start!

Super Ninja Blender is an excellent machine that is required in advanced to the kitchen. With this book you will maximize your machine, because here you will find excellent recipes for smoothies. The combinations of foods that you need are very healthy, and all recipes are easy to prepare. Sincere recommended!

I just known that the Super Ninja Blender is a #1 Most Exclusive Recipe Book Ever. Unlike other cookbooks, guidance and recipes, the Super Ninja Blender has been created to focus on Easy Nutri Ninja Recipes and The Most Healthy Ingredients. So we can be healthier and live our life to the fullest.

Super Ninja Blender is a wonderful device. This device is useful for every kitchen. I found here very tasteful recipes with oranges and vitamin C. I like to drink these smoothies. I consider this book adds to my home kitchen. So I advise people to read and prepare something for my kitchen.

These smoothies recipes are delicious and helpful for weight loss, I never take smoothies in replacement of lunch so I got this book. Overall the book is well written and recipes are easy to make I love to take these smoothies thanks.

With this book you'll be able to make your own powerful and healthy smoothies that taste like nothing you've ever tasted before. I tried various recipes from it and was completely amazed. Love it and recommend it!
